Department Of Artificial Intelligence & Machine Learning

Expert talk on transforming careers - embracing the power of e-learning with mind-matrix

Event Name: Expert Talk: Transforming Careers - Embracing the Power of E-Learning with Mind-Matrix

Event Description:

The Department of AI & ML had organised an expert talk on the 31st July, 2023 for the IV semester students (Batch 2021) from 10:00 AM to 1:00 PM. The guest speaker for the day was Mr. Swami Krishnan - Director at Mind-Matrix with over 30 years of experience in telecommunication and Mr. G A Munshi - Chief Growth Officer at Mind-Matrix. The event began with welcoming and felicitating the resource person by Prof. Dr. N V Uma Reddy , Prof. Dr Sreejith S, Prof. K S Shashikala and Prof. Jimsha K Mathew , Dept of AIML. The emceeing was done by Mr. Gowtham M N and Mr. Dhiran Reddy (IInd year, 4th Sem).

The workshop commenced with Mr. Swami Krishnan introducing the audience to the fundamental principles of engineering known as the 3 C's. He emphasized the importance of these qualities in an engineer's journey towards professional success. Mr. Krishnan and Mr. Munshi also highlighted the rapidly changing landscape of technology, particularly the advent of Artificial Intelligence (AI), which is gradually replacing certain job roles, even in the programming domain. This emphasized the significance of being industry-ready and continuously improving one's skill set to stay ahead of the competition.

The representatives from Mind-Matrix showcased various courses available for students to study and enhance their skills. These courses are designed to prepare students for industry-specific challenges and help them develop the necessary expertise. As part of the workshop, an intriguing video on the history of Tesla Electric car company was presented. This video likely served as an example of how innovative ideas and technological advancements can revolutionize industries and drive progress. To gauge the participants' understanding and engagement, an online quiz was conducted through Google Forms. The quiz questions were based on the previously shown video on Tesla's history. This interactive session allowed attendees to put their knowledge to the test and reinforced the workshop's key takeaways.

Outcome of the Workshop:

The workshop succeeded in inspiring and empowering the participants to embark on their journey towards a successful and fulfilling career.

Event Initiated and conduction details:

Event was conducted on **31st July 2023(10:00am to 1:00pm)**

Mode of conduction: **Offline mode.**

Faculty coordinators: **Dr Sreejith S, Prof. K S Shashikala and Prof. Jimsha K Mathew**

Total number of students : 140
